

Dual-Channel BENCHTOP ezSPR™

**Leading edge bioanalytical platform for
clinical analysis and life sciences**

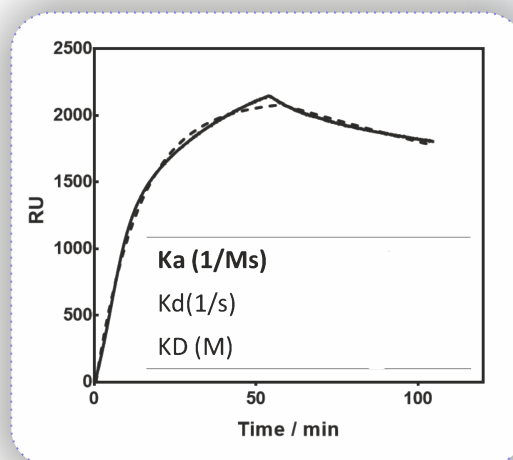

Affinité Instruments continues the
portable SPR innovation with
benchtop ezSPR™

WAIT LESS AND BIND MORE

easy to prepare **SPR sensor
chip** for faster results

- ✓ Suitable for complex medium like blood, serum, urine, saliva
- ✓ Independent dual sample loop channels design
- ✓ Switchable between manual and pump injection

Integrated with dual-channel
loop injection module

- ✓ Dual channel pumps for true reference subtraction
- ✓ Real-time binding kinetics
- ✓ Insights into biological pathways and mechanisms
